REPORT FROM THE SELECTMEN

The Board of Selectmen takes pleasure in submitting the Annual Report of the Town of Newington for the year 1964.

We believe that the change in format will result in a report that is more interesting and more informative to the majority of the residents because of the additional information now included from the various town departments. A great deal has been accomplished in 1964 as you will see from the reports.

You will note in the Warrant that the voters are being asked to accept Coleman Drive and Beane's Lane as town roads. We favor the acceptance of both roads for the following reasons. In the case of Coleman Drive, we feel that when the Coleman Subdivision was approved by the town several years ago, the road met the minimum standards set forth by the State and should have been accepted formally at that time. It is an injustice to the people living on the road to delay the acceptance any longer.

In the case of Beane's Lane, it has become a public right of way through many years of constant use and will continue to be a public right of way. Because it is used as access to several parcels of property which suffer from the dust in summer, snow in winter and mud in the spring, we feel that the town should accept and maintain the road after it has been brought up to minimum standards by the property owners profiting from its acceptance.

You have all noticed the flagpole in front of the Civic Center. It was made available, at small cost to the town, through the kind assistance of several residents who contributed their time to make and erect the pole.

As voted last year, an A. B. Dick Mimeograph machine was purchased for the town office. This has been made available to several town organizations free of charge as long as materials used were replaced and this policy will be continued.

Considerable work was accomplished at the Town Garage last year and we hope to finish it this coming year. A pit has been installed in the floor which will make it easier to maintain the town's fire engines, as well as other town equipment. The garage will be available to townspeople to use in repairing their own vehicles as long as the facilities are not tied up for an unreasonable length of time.

Anticipating the time that the town will extend its water line, we have started discussions with officials of the City of Portsmouth to reach an agreement whereby the cost of water lines will be shared by that city and our town. At present, Greenland is the only town serviced by Portsmouth's water system which has such an agreement with the city.

Many residents have inquired as to the limits of the various town landings. We have asked the town attorney to determine the boundaries from the deeds, if possible, to avoid unnecessary surveying.

The Baptist Church discontinued use of the old Town Hall when its own church was completed last fall. Since that time the building has been used for Saturday night teen-age dances, for the Congregational Church Sunday School, for the Great Bay School Christmas program and various other town activities. We plan to continue a renovation program recently started and hope that the building will be used as much as possible in the coming year. We remind you that it may be used free of charge by town residents or organizations.

May we at this time express our hearty appreciation to all those public spirited citizens whose generous cooperation does so much to benefit the entire town.

Respectfully submitted,

PAUL L. deROCHEMONT, *Chr.*
GORDON HISLOP
PAUL KENT

*ACTION TAKEN ON ARTICLES
IN TOWN WARRANT OF 1964*

Articles 1, 2 and 3: (Election).

Article 4: Percy E. deRochemont, Hervey Thomas re-elected as Measurers of Wood, Surveyors of Lumber and Fence Viewers; motion made that pound keeper be chosen separately, seconded, so voted; Kenneth Pickering chosen Pound Keeper for ensuing year by proper procedure.

Article 5: Voted care and maintenance of town land and buildings be left to discretion of selectmen.

Article 6: Voted to authorize Selectmen to administer or dispose of any real estate acquired or to be acquired by the town through tax collector's deeds.

Article 7: Voted to authorize selectmen to hire money on credit of town in anticipation of taxes.

Article 8: (Voted at this point to hear Report of Budget Committee, Article 19, inasmuch as Article 8 concerned Appropriation of Funds).

Through

Article 19: These articles accepted with following changes:

Auditors to receive \$50.00 yearly.

Supervisors of Check List to receive \$25.00 apiece in addition to any fees received for elections.

Old Parsonage appropriation increased to \$100.00.

Article 20: Voted to elect by ballot at annual town meeting, all officers except the fire chief and those officers now required by law to be appointed.

Article 21: Voted to amend By-laws of Town pertaining to licensing dance halls, etc., so that Roller Skating Rinks may be included in said ordinance.

Article 22: Town Clerk's report on election of officers.

Article 23: Further business:

Motion made and seconded that "town does instruct our delegate to the state constitutional convention to recommend to the federal legislators that proper steps be taken for a non-sectarian prayer to be brought back into the schools, if such recommendation should come under the scope of the constitutional convention." After discussion, amendment made that the word "federal" legislators be changed to read "state" legislators. Motion then adopted.

Motion made, seconded and so voted that selectmen be instructed to request Commissioner of Public Works and Highways to resurface Route 151 its entire length, both the north section and the south section in Newington.

Motion defeated to instruct selectmen to request State Department of Public works to make certain changes in Route 16-151 area.

Meeting Adjourned.

LANGDON LIBRARY REPORT — 1964

We have been keeping abreast of the State Library's new development program for local libraries. It is a newly enacted and not thoroughly operative plan, at this point. No commitments have been made by Newington's trustees, to date. There is information available for anyone interested in knowing more about this plan, at the library.

The librarian has completed the required courses in Public Library Techniques offered at the University of New Hampshire, and has received certification from the State Library.

We are pleased to report that Langdon continues to enjoy a high per capita circulation rate, statewide.

Newington's Bicentennial Celebration attracted many friends to the library, both old and new. It was a memorable and completely enjoyable affair to all.

The school programs are being held on Monday mornings, this term. We have more time for book selection and have been able to show more films. The teachers and librarian are better satisfied with this schedule.

Newington's town planner, Mr. Louis Lubka, paid us a visit to discuss the library's inventory and services. He has

reported an ample book supply for all age groups. The services performed are adequate except for pre-school children. A story hour has been suggested for them.

Two "In Memory" books were placed in the library this year. "Old Ironsides" was given by Mrs. Margaret Pickering in memory of Frederick Pickering. The Warren Commission's Report on the "Assassination of John F. Kennedy" was given by Mr. and Mrs. Walter Pickering, Jr., in memory of Mrs. Elizabeth Smith Royle.

Other worthy gift books were received from: Shirley Barker, Gayna Greenier, Anne Hislop, Allan MacKenzie, Judy Morris, Eva Reed, Virginia deRochemont, Rex Russell, Margaret Pickering, Frank Sargent and J. W. P. Frost.

A copy of a map dated in the early 1700's depicting our area was received from Mrs. Florence Watson and will be of interest to our patrons.

Mrs. Margherita Mazeau, at the branch library reports an active and effective year.

"All age groups have patronized us and we have been able to offer something of interest to everyone. Patrons have appreciated the opportunity to obtain very specialized material through the state. Requests have ranged from special diet cookbooks to oil painting and aircraft maintenance. The more customary needs have been served by encyclopedias and reference books on permanent loan from Langdon. Telephone service between the two libraries makes any book in the main library available here the next day through cooperation of the school children and the school buses."

The four large picture frames in the children's room were made and donated by Mr. James Coleman, Sr. We were very pleased to have them on display in time for The Bicentennial.

Thanks are due Mr. Warren Witham for the fine work he did painting and planting the urn.

Newington possesses a fine library; everyone is urged to make full use of it.

Respectfully submitted,

MARJORIE PICKERING

Librarian

DORIS BEANE

MARGARET PICKERING

FLORENCE WATSON

THE OLD PARSONAGE

1699

There were 38 visitors at the Old Parsonage on Memorial Day. It was also open to the public on August 1st and 2nd and the remaining Sunday afternoons in August. Not all visitors registered, but there were well over 300 during the Bicentennial Celebration.

The Old Parsonage is a friendly meeting place for former residents and a definite tie to the old home town. Visitors congratulate the town on having this fine heritage.

The collection of old photographs was especially enjoyed this year. Pictures of people, places and events are a part of town history and every family should be represented.

The Historical Society wishes to extend thanks to the Selectmen and the Bicentennial Committee for their fine spirit of cooperation, especially in moving and transportation problems.

To all those who gave a helping hand to make the house more attractive, and who graciously loaned articles of local and historical interest, we express our appreciation.

FLORENCE C. WATSON, *President*
Newington Historical Society

NEWINGTON POLICE DEPARTMENT REPORT

JOSEPH C. NAVELSKI

Police Chief

SPECIAL OFFICERS

Thomas Roy Harold Consentine Kenneth Pickering

Your Police Department has had an unusually busy year. By request of the Selectmen, extra road patrols have been maintained to attempt to eliminate many reported traffic violations. A good many of these violations occurred because of the closing of the Coleman Drive entrance to Great Bay Marina which consequently increased the traffic headed to the Fox Point Road entrance. The extra patrolling and additional traffic signs did much to curtail the violations. The greatest emergency of the year, of course, was the tragic crash of the Pease Air Force Base bomber.

Below is a breakdown of the activities during the year and a statement of expense. We wish to thank everyone for the cooperation we have received throughout the year.

EXPENSE BREAKDOWN

Radio Repairs	\$ 47.75
Telephone Expense	121.20
Salary and Mileage, Chief	2,175.70
Salary and Mileage, Special Officers	391.48

Total Appropriation — 1964	\$2,800.00
Total Expended — 1964	\$2,736.13
Complaints received	118
Phone calls made	432
Outgoing phone calls	259
Warnings	80
Thefts Reported	11
Malicious Damage	2

BUILDING INSPECTOR'S REPORT

We can look back to the past year with a great deal of satisfaction as to the things accomplished, one of which is that we now have printed forms to use in making out the request for a permit. This should help a great deal as they are obtainable at the inspector's office and at the Civic Center. These requests must be presented to the Building Inspector by the one making the application as there are always a great many questions to be asked and answered. We can also, in looking forward to the future, be thankful to the Planning Board for their program of long range planning, which is now well underway. This should give a standing of a well kept and prosperous town. Let us all try for this goal.

There is also a measure of regret in the closing of our very modern Bowling Alley. The automatic pinsetters and alleys have been removed and other equipment has been or will be shortly. We hope that a chain store or supermarket will occupy this grand building, as the location is ideal.

I wish again at this time to express my appreciation to the people of the town for their gracious cooperation in complying with the Zoning Ordinance and Building regulations.

During the past year, there were twenty-one building permits issued with an estimated valuation of \$47,301.00. Following is an itemized listing, in abbreviated form:

Bldg. Permit No.

195 to S. H. Frink, remodeling; est. value \$300; date 1-22-64

196 to Ernest J. Gove, general repairs; est. value \$2,500.00; date 1-28-64

197 to Betsy Bent, side wall covering; est. value \$1,850.00;

- date 3-9-64
- 198 to David B. Watson, addition to ell of barn; est. value \$400; date 3-23-64
- 199 to Marjorie Pickering, renew bathroom; est. value \$400; date 4-13-64
- 200 to Melvin J. Demaris, Const. Wd. frm. bldg.; est. value \$225.00; date 4-30-64
- 201 to Joseph A. Cavaness, Const. Wd. frm. barn; est. value \$1,200.00; date 4-30-64
- 202 to Mr. and Mrs. Philip Duffy, alterations; est. value \$300.00; date 5-7-64
- 203 to Harry and Margaret Estey, garage; est. value \$850; date 5-20-64
- 204 to Rupert S. Harvey, addition to house; est. value \$350; date 6-12-64
- 205 to Town of Newington, alterations; est. value \$2,500; date 7-20-64
- 206 to Perey deRochemont, re-shingle roof; est. value \$250; date 7-21-64
- 207 to Lt. and Mrs. Charles B. Newcomb, dog kennel; est. value \$16,600; date 8-5-64
- 208 to David and Edna Maness, move building and addition; est. value \$6,000; date 8-21-64
- 209 to Lewis W. Latremore, general repairs; est. value \$1,000; date 8-24-64
- 210 to Ernest and Lena Kaddy, garage doors; est. value \$226; date 8-28-64
- 211 to Mr. and Mrs. Martin L. Gemler, general repairs; est. value \$1,450; date 9-19-64
- 212 to Frank W. Sargent, heating system; est. value \$700; date 10-14-64

213 to Great Bay Marina, Inc., frame bldg.; est. value \$2,500; date 10-27-64

214 to Mr. and Mrs. Guy Hayward, general repairs; est. value \$600; date 11-19-64

215 to L. W. Davis and T. E. Flynn, warehouse; est. value \$7,000; date 12-14-64

Respectfully submitted,

MAURICE E. ROBINSON

Building Inspector

*ANNUAL REPORT OF THE
NEWINGTON VOLUNTEER FIRE DEPARTMENT*

You, the inhabitants of the Town of Newington, should be very proud of the fine fire record you have established for yourselves during the past year. I am sure this was only accomplished through careful practice by each and every one of you of practical fire prevention rules. Such care on your part makes the Fire Department's job much easier to perform.

In 1964, the fire department responded to 16 emergencies. The majority of these were very minor in nature, such as a motorcycle fire (no injuries) and two automobile fires caused by careless disposal of cigarettes by occupants of the cars, who were, by the way, not residents of Newington. Woods and grass fires were also very small due to quick spotting, reporting and fast response by our firemen with equipment, hence losses to property were kept at a minimum.

Although the calls were mostly minor in nature, this was also a year for major emergencies in our town. On March

29th, we responded to a call from New England Tank Industries where an explosion and fire had ruined their testing laboratory. The fire was out long before we got the call, but this was an approximately \$20,000 insurance loss. We were also called to stand by on major fires in the area, including a plane crash on Pease Air Force Base. Approximately one month from the day we stood by on Pease, we had a plane crash in the woods of Newington in the vicinity of Fox Point Road and Little Bay Road. Our department quickly responded to this emergency and did everything in its power that could be done with the equipment it has on hand.

Probably our most exciting alarm was received during our Bicentennial Celebration with about 500 people lined up for the lobster bake. The big air horn howled over their heads and for a few moments, all bedlam broke loose as the department went to the field being used as a parking lot to extinguish a fire in an automobile.

Your fire chief was one of sixty chiefs selected from the United States and its possessions to attend a Staff and Command School at the University of Maryland during the last two weeks of July. This school was an intensive training course dealing with major fires and complications resulting from same. Prior to attending this school, the president of the Newington Volunteer Firemen's Association requested the presence of the fire chief at a special meeting for presentation of a check for \$150.00 from the association to help with expenses. This action was very much appreciated and is just one more reason to take pride in our volunteer fire department.

During the past year we rebuilt our tank truck, putting a new tank inside the old one. We also made a complete study of the alarm system in an attempt to find a better way to alert our firemen in event of emergencies. The Board of Fire Engineers believe they have come up with a solution to this problem by means of a radio alerting system on which installation will begin in the very near future.

TOWN WARRANT

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Newington in the County of Rockingham and said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Newington Civic Center in said Town on Tuesday, the Ninth Day of March next at Ten o'clock A.M. to act upon Article 1.

The polls will open at Ten o'clock A.M. and unless extended by vote at the meeting will close at Six o'clock P.M.

The Town Meeting will resume at Seven-thirty P.M. to act on ensuing Articles.

1. To choose in the manner provided by law: one Selectman for a term of 3 years; 3 members of the Budget Committee for terms of 3 years; 1 Trustee of Trust Funds for a term of 3 years; 1 Library Trustee to hold office for 3 years; 1 member of the Board of Fire Engineers to serve for a term of 6 years; A Town Clerk; Collector of Taxes; Town Treasurer; Highway Agent; Overseer of the Poor; Superintendent of Water Works; Chief of Police; Measurers of Wood; Surveyors of Lumber; Fence Viewers; Pound Keeper and all other necessary Town Officials for the ensuing year.

2. To see if the Town will vote to leave the care and maintenance of Town Land and Buildings to the discretion of the Selectmen.

3. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired or to be acquired by the Town through Tax Collector's Deeds.

4. To see if the Town will vote to authorize the Selectmen to hire money on the credit of the Town in anticipation of Taxes at a rate not to exceed the current bank rate.

5. To see if the Town will vote to authorize the Selectmen to accept as a public road that public right of way leading northeasterly from Fox Point Road across land of Percy deRochemont and land of the Great Bay Marina, Inc. and land of Doris Beane, a distance of approximately 1700 feet as shown on plan of this roadway, when the said road has been improved to a standard satisfactory to the Selectmen and proper deeds or easements of the necessary land are received by the Selectmen.

6. To see if the Town will vote to authorize the Selectmen to accept ownership for the Town of the Horse Sheds behind the Meeting House once proper deeds are obtained from the present owners.

7. To see if the Town will vote to authorize the Selectmen to accept "Coleman Drive" as a public road in the Town of Newington when the same has been improved to a proper standard and conveyance of the proper land and easements are tendered to the Town.

8. To hear the report of the Budget Committee and to see what sum of money the Town will vote to raise and appropriate for all Town expenditures in the year ensuing as included in the Budget.

9. To see if the Town will vote to approve the following subjects:

Section 1. That Department Stores or other similar commercial outlets be permitted to operate in the Town of Newington on Sundays, provided that the same shall not be open earlier than 1:00 P.M. in the afternoon.

Section 2. This Ordinance shall take effect upon its passage.

10. To see if the Town will vote to instruct the Selectmen to negotiate with the United States Government for two acres of Air Base Land on the east end of Fox Point

Road adjacent to land of Packard and Robinson for use as a turnaround.

11. To see if the Town will vote to instruct the Selectmen to reserve a section of land 350 feet long and 200 feet wide abutting the present Cemetery on the south side, to use for future expansion of the Cemetery.

12. To see if the Town will vote to change the term of office of the Police Chief from one year to three years.

13. To see if the Town will vote to authorize the Selectmen to negotiate with the City of Portsmouth to establish an agreement for the future extension of water lines in the Town of Newington.

14. To hear the Report of the Town Clerk on the Election of Town Officers.

15. To transact such other business as may legally come before the meeting.

Given under our hands and seal, this nineteenth day of February, in the year of our Lord One Thousand Nine Hundred and Sixty-Five.

It was with deep regret that the members of the department attended the funeral of John Holden, who for so many years served the Town of Newington as both fire chief and fire warden.

The Board of Fire Engineers and the Selectmen worked together this year to re-write the insurance policy covering our volunteer firemen. This new policy gives our men a \$10,000 benefit for accidental death and dismemberment; lifetime payment of \$75.00 weekly for accident indemnity and a \$10,000 maximum benefit for medical expense incurred through accident incurred in the line of duty.

I would like to take this opportunity to express the appreciation of the fire department to its Ladies Auxiliary for the fine and willing assistance they give us, and thanks also to all the other departments in the town who jump forward to lend a hand whenever needed.

Respectfully submitted,

WILLIAM J. YOUNG

Fire Chief

*REPORT OF THE FOREST FIRE WARDEN
AND YOUR DISTRICT CHIEF*

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86 % wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers.

Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

CEMETERY COMMITTEE REPORT

The Cemetery Committee held three meetings during the year and reports that the work outlined for 1964 has been accomplished.

The Committee approved the 1965 budget as presented by the Superintendent and submitted same to the Town Budget Committee.

Unsolicited favorable comments made at the time of the Bicentennial Celebration regarding the outstanding and attractive appearance of the cemetery were very pleasing to the Committee.

Respectfully submitted,

DONALD E. BEALS
FLORENCE C. WATSON
GRACE SMITH

NEWINGTON PLANNING BOARD

The past year has mainly been devoted to the furtherance of the long range planning and development program initiated by the townspeople with their approval of the Board's recommendation to participate in the Federal "701" Planning Program. The regular monthly meetings, as well as several special meetings, were mostly involved with reports and review of the progress of the appointed planner, the James W. Sewall Company.

These meetings, as are all of the Board's meetings, were open to the public and were attended by numerous townspeople interested in the progress of the program.

Briefly, the purpose of the program is to anticipate the present and future needs of the town and plan a means of realizing these needs in a manner that is acceptable to the residents. These needs fall into two categories, that of real physical needs, an example of which would be a playground or fire hydrants, and those intangible needs that are equally as important, though perhaps harder to define. These needs are really the ways and whys of obtaining, or retaining, the physical things we all want for our town.

We have moved slowly this year and have not recommended any changes or additions to our present ordinances at this town meeting. However, the proposed new zoning ordinance will be received from the consultants in February. We plan to have the two public hearings required by law, followed by more, if necessary, until the ordinance is satisfactory to the majority of the townspeople. It is planned to request a special town meeting at a later date to consider the final version of the ordinance.

At this time we again most cordially invite all residents to attend our meetings and assist us in planning for the future of the town.

Respectfully submitted,

F. H. SMITH, JR., *Secretary*
Newington Planning Board

REPORT OF DOG OFFICER

Answered a total of 14 calls.

Picked up, kept required length of time and disposed of six stray dogs.

Survey made found 7 new dogs unlicensed.

Buried 1 dog (health menace).

Miscellaneous: Picked up and disposed of stray kittens; returned lost dogs to their homes; answered calls from people being annoyed by strayed or lost dogs or for dogs involved in accidents, etc.

Respectfully submitted,

KENNETH PICKERING

Dog Officer

BICENTENNIAL COMMITTEE REPORT

It was the vote of the Town at the last Annual Town Meeting, 1964, that there should be proper observance of the 200th Anniversary of the Incorporation of the Town, and for this purpose the sum of \$750.00 was appropriated. Inasmuch as any action taken under this vote involved the expenditure of the taxpayer's money, it is felt only proper that a report be submitted on what was accomplished and the actual expenditures involved.

The Bicentennial observance was held August 1-2, 1964, a scant five months after so voted by the town. The thought, hours and activities that were expended in that short five months are too numerous to mention, and it suffices to say that people of this town surpassed themselves in the accomplishment of the commitments they undertook.

It is estimated that over 1500 people were in attendance over the two-day period, including such dignitaries as Governor and Mrs. John W. King, General and Mrs. Robert Miller and Colonel and Mrs. Leslie Smith of Pease Air Force Base, Captain Arthur Castelazzo of the Portsmouth Naval Shipyard, Senator and Mrs. Douglass Hunter, City

Manager Robert C. and Mrs. Violette and Mayor "Ted" and Mrs. Connors of Portsmouth, Mayor and Mrs. Johnson of Dover, Selectmen from several surrounding towns, Commissioner and Mrs. John F. Rowe, Registrar of Deeds Edith Holland and many other figures active in public life.

The activities included a clambake and a chicken barbecue enjoyed by over 500 people, an Arts and Crafts Exhibit with a demonstration of spinning wool that is still being talked about; a parade unexcelled in the history of the town and which surpassed many in size, variety and interest that have been seen in the larger communities.

The auction held on August 1st was a tremendous success in spite of the competition of the exhibitions of Judo, precision riding and Air Force K-9 dogs, each of which was a show in itself. Military equipment and a Coast Guard helicopter made available for public inspection added to the excitement of the days, and varieties of music, from the Accordion Band to the U. S. Navy Band, to the Granite State Highlanders, all contributed to enjoyment of the festivities.

The Town Church enjoyed a capacity congregation at the preaching of one of the original sermons of its first Pastor, Rev. Joseph Adams; the sermon was presented by the Rev. John Nelson, himself a past pastor of the Church. All other town buildings were open for visitors and proudly displayed by townspeople who gave so unselfishly of their time to the effort of assuring the success of this part of the program that they missed much of the activities themselves.

We could write several pages on the individual events that took place and we would still miss something, so we won't make any attempt in this report to further detail the events.

It was the unanimous decision of the selectmen and the appointed committee that the intent of the vote was to prepare and present an affair of observance at a cost not to

exceed \$750.00 and that there should be no consideration given to making a profit. To this end everything was planned with intent that events with costs and no returns, such as the parade, exhibits, tent rental, etc., would be paid for by a very minimal workup on the events which would provide returns, and the program book. The final financial report revealed the following:

Receipts	\$4,176.38
Expenditures	\$4,617.85

Actual amount spent from Appropriation \$ 441.47

The financial operations were handled as is all town business, through the Town Treasurer, and a completely detailed financial report is on file in the Selectman's Office.

In closing, may we express again our appreciation and thanks for a job well done to the Selectmen and their secretary, Isabelle Surette, who's duties were greatly magnified by this occasion; to the chairmen of the various subcommittees which were so necessary to the fulfillment of the program; to each and every committee member for their untiring efforts; and to all of the town's people for the appreciation expressed in behalf of our efforts.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Newington qualified to vote in district affairs:

You are hereby notified to meet at the Civic Center in said district on the 9th day of March 1965, at 9 o'clock in the evening to act upon the following subjects:

1. To hear the report of the school district moderator of the results of the school district election.

2. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

3. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

4. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

5. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the district.

6. To see if the district will authorize the School Board to make application for and to receive in the name of the district, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government or any department or agency thereof, or from the State of New Hampshire or any department or agency thereof.

7. To see if the district will appropriate the sum of \$8,366.00 and institute a kindergarten.

Given under our hands at said Newington this 19th day
of February 1965.

SCHOOL BOARD REPORT 1964-65

During the past year the school board has made certain improvements to the Newington School grounds which we feel has done much to add to the beauty of our location and has made the entire Civic Center-School area a site that may well be looked at with a great deal of pride. The first project was cleaning up and hot-topping the area around the swings and the outdoor basketball court. We then moved down below the school to our greatest eyesore, the skating rink and leveled this parcel off before seeding down to grass. We find that the children are much happier with this type of playground and the skating rink a vastly improved facility.

This was a year for changes in our school system. We have a new principal, Mr. Thomas H. Schultz, who is doing an excellent job with our children. Miss Marion E. Fish teaches our third and fourth grades and Miss Betty Stimson remains with us in the first and second grade classrooms. The school board has found our staff a wonderful combination in furthering the education of the Newington school children. The personnel is further rounded out by our custodian, Mr. Ernest Kaddy, whose effort has kept our school looking just the way it did on the day we moved into it. This is quite a job, considering that we have around sixty children in and out daily.

We are constantly striving to upgrade our curriculum by introduction of the newest teaching methods and through purchase of modern work books and other reference material. Newington is extremely fortunate in having finances available to give our children the very best along these lines.

During the year we have changed our transportation program over so that we are now operating two school buses. These buses are owned by Mr. and Mrs. Walter Pickering, Jr., who do a fine job transporting our children. This is

done on a contract basis with the School District and the service provides not only for elementary school children but also for Jr. High and High School students.

On the School Union level some additions have been made; namely, we now have an Assistant Superintendent, Mr. H. Stuart Pickard, who helps Superintendent Robert Brunelle carry out the supervision of our school administration. This addition has been very successful in that both Mr. Pickard and Mr. Brunelle are now able to spend more time in the school working personally with our teachers to provide the best education possible for the pupils.

We take pride in pointing out that over the years the Newington children have been a credit to the town as they advanced in their education. The School Board meets on the third Friday of every month at 7:30 p.m. at the schoolhouse. Any person wishing information or who would like to present any proposal or recommendation to the board is cordially invited to appear at these meetings, which are open at all times to the public.

Respectfully submitted,

WILLIAM J. YOUNG, *Chr.*

JOHN R. MAZEAU, *Secretary*

Auditors

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Newington:

The 1963-64 school year was a good one for the Newington School District. We continued to enjoy good teachers and teaching in an above average physical environment. Course content was improved upon with the introduction of up-to-date arithmetic textbooks and the addition of science filmstrips. The children received supplementary instruction in handwriting ceramics, library science, music, and reading. The grade school graduates have been successful in the Portsmouth School System.

Teaching Staff:

Mr. Thomas Schultz has replaced Mr. Donald Virgin as school principal. Mr. Schultz comes to us with six years of previous experience as a grade school teacher. He is a graduate of Keene State College with many additional college credits beyond his basic degree. He is, in my opinion, doing good work in the school.

Miss Marion Fish replaced Miss Norton in grades three and four. Miss Norton is now attending the graduate school at the University of New Hampshire. Miss Fish is a graduate of the University of New Hampshire and has completed courses in elementary education at Plymouth State College. She is making a satisfactory adjustment to our school.

Miss Betty Stimson has returned as the grade one and grade two teacher. She is an excellent teacher who provides the children with a solid foundation upon which their education can grow and build.

Curriculum:

This, the blue print that all schools use as a guide in teaching, is vital to any school. A revision was made two years ago, and we continue to use this as the basis for our

teaching. The school personnel, however, continue to evaluate this program and adapt it to the needs of all the children. The curriculum or school program remains basically unchanged, but new textbooks and materials must be provided continually to keep the subject matter current.

We have adopted a master plan to keep information current for, as you very well know, explosion of knowledge has made many textbooks dated the day they are printed. Last year, we bought mathematics textbooks and began in the primary grades to adopt the Houghton Mifflin reading series as our basic text in this area. This next year, 1965-66, we anticipate that a new English series will be adopted for all the classes in this school. We plan further that in the future the social studies books will be replaced with more current publications in this field. Textbooks should be replaced about every five years, and the plan now in operation should enable us to maintain an up-to-date set of materials in all subject matter fields.

Budget Analysis:

The 1965-66 Proposed School Budget has increased this year for the following reasons:

1. The School Board, to keep our teacher recruitment and retention power competitive with school systems in our area, has adopted a \$4500 minimum salary. Teachers in the classroom are the most important ingredient in securing good education; we must continue to be able to attract good teachers.

2. Textbooks: We will be replacing English books, and in addition, we must provide additional books for the slightly larger classes now moving up through the grades. Each additional child in grade four, for example, requires an expenditure of about \$12.50 for textbooks.

3. The librarian has been included this year because of the special service which she provides for the teachers and pupils.

4. Pupil transportation has been increased.

5. Maintenance of plant has increased due to the need for some painting of exterior woodwork and every day miscellaneous expenses not adequately provided for in the previous budget.

6. Teacher retirement costs will increase with increased salaries.

7. Supervisory School Union expenses have increased because of salary increases granted to the staff and higher costs of operation due to a greater work load.

In closing, I want to commend the town and townspeople for their support and cooperation in the affairs of the school department. I personally believe this to be the result of the esteem in which you hold your School Board and the work of the teachers in the school.

As your superintendent of schools, I wish to extend my appreciation to the teachers, the nurse, the custodian, the school transporter, Mrs. Pickering the librarian, the library trustees, the Parent Teachers' Association, the town Selectmen, and all others who contributed to the schools this year.

Personally I wish, once again, to extend my personal appreciation to the members of the School Board for their understanding and help in guiding the educational destiny of your children.

Respectfully submitted,

ROBERT L. BRUNELLE

Superintendent of Schools

REPORT OF THE SCHOOL NURSE

To the Superintendent, School Board and Citizens of Newington:

It is my pleasure to submit an annual summary of our school health program for your town report.

The following statistics, which include the period from September 1963 through June 1964 may be of interest to you:

<i>No. Pupils Tested</i>		<i>Possible difficulty noted and treated</i>
Vision tests	74	2 pr. new glasses
(Including rechecks)		1—Speech Therapy
Hearing tests	75	4—Orthopedic examinations
(Including rechecks)		
Heights & Weights	198	3—Need dental care
(3 x per year)		4—Enlarged tonsils

Routine classroom and individual inspections

Parent consultations and home visits — 25

First grade registrations — 8

Communicable diseases known and reported

German measles — 13

Mumps — 1

I can earnestly say it has been my pleasure to serve as your school nurse for the past seven years. The cooperation, friendliness and community spirit of each and every one of you has been most gratifying.

In conclusion, I wish to thank your superintendent, school board, principal, teachers, children and yourselves for your continued support, understanding and helpfulness.

Respectfully submitted,

MARJORIE E. MOORE, R.N.
